## **URGENT SPORTS INFORMATION – READ CAREFULLY & COMPLETELY**

If your student has gotten his/her FREE physical for the 2022-23 athletic year, we thank you for being proactive and making things easier for you, your student, our coaches and athletic staff. You have made the first step in getting him/her eligible for the new school year (which will include Summer activities).

All of the required additional paperwork will now be done online through a program known as “Home Campus”. In order for you set up your Account, we have added a printout on the backside of this paper entitled “Online Athletic Clearance”. In addition, we have provided a link below to the video instructions for you to follow in setting up your account. Doing this will take the place of the additional paperwork the FHSAA requires. Don’t forget to have the student watch the 3 videos as stated in the Consent Forms you & he/she sign. All student-athletes, are required to take the NFHS Courses Sudden Cardiac Arrest, Concussion in Sports/Concussion for Students and Heat Illness Prevention. All courses can be found on [NFHSLearn.com](https://www.nfhslearn.com). These certificates must be saved for upload to your account.

The copy of the physical that you received back, will need to be uploaded into this program also (2 pages). THIS ACCOUNT IS A REQUIRED STEP IF YOUR STUDENT WISHES TO BE INVOLVED IN ANY SPORT OFFERED BY CHS – INCLUDING SUMMER PRACTICES OR CONDITIONING. Please begin this process as soon as we give the go-ahead so that if you have any questions, I will hopefully be able to assist you.

If you have no way of scanning and uploading your physical to your account, you can contact me at my school email, but you must have already established your account.

If you are receiving this information and presently have a student’s physical that is still valid (no more than 365 days old) and do not intend to renew until then – You must STILL create an account and must upload the present physical (2 pages) to your account. Look for the Home Campus info on our Webpage under Spotlight to view the Instruction page and Video. If you do not have a copy of that physical, email me.

HERE IS THE LINK YOU WILL NEED TO SEE VIDEO- <https://youtu.be/bAkE2pPMzdM>
